## INFLATABLES

[WWW.QUICKSILVER-INFLATABLES.COM](http://WWW.QUICKSILVER-INFLATABLES.COM)

**QUICKSILVER INFLATABLES**

are more than just dinghies or tenders, they are the perfect choice when you want portable, affordable fun. Quick to set up and quick to stow, most Quicksilver Inflatables can easily fit in a car boot or boat locker due to their portability and lightweight construction.

Whether you need a ship-to-shore tender craft or a lightweight, nimble, and affordable boat for family outings at the lake or beach, Quicksilver Inflatable Boats are up to the task. With a variety of sizes, flooring and hull designs available, you are sure to find the one perfect for whatever use you have in mind.

# ACCESSORIES

## ELECTRICAL

Be seen and be safe with our Navigation light kit and protect your battery from water splashes.

Enjoy your time on the water fishing with our selection of rod holders and folding net.

## FISHING

## PUMP

Safely remove unwanted water or other liquids from your boat with our hand bilge pump.

Reboard safely and comfortably with our wide range of ladders.

## SAFETY

## FUEL

Attwood Fuel tanks are perfect for use with any outboards and are easy to carry out for refuelling.

The Mercury automatic lifejacket and the Quicksilver lifejackets have an ergonomic design and are lightweight.

## LIFEJACKET

## STORAGE

Store your belongings with our dry bags and transport your inflatable boat with the lightweight launching wheels.

## MOORING

Attwood's folding anchors are ideal for inflatable boats and folds up easily for storage. Our Marine ropes offers high strenght-to-weight and meet the needs of any boater.

Give your outboard a performance boost and improve the boat stability and handling.

## ENGINE

# POWERED BY MERCURY

## EXPERIENCE THE BEST IN BOATING

When you rig your Quicksilver Inflatables boat with a Mercury Outboard, you're not just getting the best power available. You're getting an experienced team of boating enthusiasts who are dedicated to taking care of you. No matter how you want to use your boat fishing, cruising or just relaxing on a sunny day. Everyone at Mercury is here to make sure each minute you spend on the water is unforgettable.

### 2.5 - 6hp

#### BEING LIGHT AND AFFORDABLE ISN'T THE WHOLE STORY

For outboard engines in this horsepower range, portability is key and Mercury's 2.5 - 6 hp FourStrokes are among the lightest outboards in this class. Every Mercury portable FourStroke is packed full of features, such as our automatic reverse locking system to our convenient integral fuel tanks.

### 8 - 9.9hp

#### STILL THE LIGHTEST IN THEIR CLASS

Mercury's 8-9.9 hp FourStrokes are still the lightest in their class, but being lightweight doesn't mean cutting corners. Our 8-9.9 hp FourStrokes feature a convenient multifunction tiller handle that provides easy one-hand shifting operation.

### 15 - 20hp

#### GET MORE OF EVERYTHING

More power. More control. More comfort. The Mercury 20 hp and 15 hp FourStroke outboards are designed to improve every minute of your time on the water.

#### AMBIDEXTROUS TILLER

The centre-mounted tiller provides simple horizontal adjustment and reversible throttle grip rotation for port or starboard installation.

### 25 - 30hp

#### LOW END TORQUE

These 25 - 30 hp FourStrokes may be small on horsepower, but they're big on displacement. Featuring loads of strong, low end torque, these outboards have the power needed to get you up on plane with immediate throttle response and quick acceleration
